

CINÉ-ASIE

## RE: INTERNSHIP OPPORTUNITY

August 15th, 2008

**Ciné-Asie** is a Montreal based non-profit film and media company dedicated to Canadian- and Asian-content films for co-production, as well as for Sales & Distribution between Canada and Asia. **Ciné-Asie** seeks to explore the unique hybrid identity of Asian-Canadian art and artists. We work to promote dialogue across borders, to develop and create cinema that empowers people who are marginalized by mainstream media, and to introduce Asian, cult and genre films.

**Ciné-Asie** was founded in 1995 and successfully launched the creation of the *AmérAsia International Film & Video Festival* in 1999, and through the ongoing presentation of Asian and Asian-Canadian films at the *Cinémathèque Québécoise*. After a hiatus, Ciné-Asie has rekindled activities with a growing international interest in Asian cinema and culture. Recently, we have launched Sales & Distribution and Co-Production arms. We are in development with 2 feature films, in the process of acquiring 3 Asian feature films, and seeking strong Canadian short film titles to be presented in the Asian market.

**Ciné-Asie** is recruiting talented interns for 2008-2009. Selected interns, under the guidance of staff, will learn the ins and outs of the environment of production and distribution, as well as the everyday running of the company.

The intern will learn and contribute in the following ways:

83 St. Paul East, Suite 103 Montréal, Québec H2Y 3 R1 Canada

Tel: 514 799 6880 Fax: 514 875 6771

CINÉ-ASIE

***Production Tasks:***

- Proposal/grant-writing, proofreading
- Preparation of Budgets
- Research funding opportunities
- Location scouting
- Casting

***Sales/Marketing Tasks:***

- Research and application to film festivals
- Liaison with clients
- Follow up calls to interested parties
- Public relations/Marketing package
- Web design/updates

Good English and French skills essential. Interest in East Asian culture, especially in the media arts, is an asset as well as Asian languages skills. There may be a possibility of employment after the internship.
